How to register (it's really easy)

First, go to www.parkpasscard.co.uk/register

1 Add your personal details

2 Fill in your vehicle details

You can register up to 4 vehicles on one account, but only single vehicle use per account permitted at any one time.

3 Enter your payment details

4 Enter your Saver ID and activation code

This is a new arrangement that will activate your parking discount. It replaces any previous validation arrangements. Your group administrator will provide you with this information.

5 Tell us which alerts will help you best manage your account

6 Opt in to receive exclusive offers to your inbox

Your NCP ParkPass card will be posted to you within 6 working days of registration. But remember, until then, you will need to pay for your parking as normal.

How to use your NCP ParkPass Card

Entering the car park

- Don't press the button or take a paper ticket
- Instead, insert or scan your NCP ParkPass card
- This will raise the barrier and start your parking session

Leaving the car park

- Don't pay or use any payment machines before you leave the car park
- On exit, insert/scan your NCP ParkPass card at the exit barrier
- This will raise the barrier, end your parking session, and process an automated payment*

* NCP ParkPass will calculate the cost of your parking session and apply any discount for you at that particular car park. Your account will be debited automatically with the cost of your parking session.
